Ezekiel 35 King James Version (KJV)

35 Moreover the word of the Lord came unto me, saying, 2 Son of man, set thy face against mount Seir, and prophesy against it, 3 And say unto it, Thus saith the Lord God; Behold, O mount Seir, I am against thee, and I will stretch out mine hand against thee, and I will make thee most desolate.

I saw your plan. 3:33 AM I was shown in full detail what you are going to do and where it will take place at. Now I'm going to take it along with this post straight to the top. You will not succeed with Nuking NASA. God showed me what their plan is to be and how it will unfold. 3:33 AM I was awakened after having a vivid lucid dream. I was here at the address listed in this form and I was with my family enjoying a beautiful day. All of a sudden a coldness like never felt before came over me as the air

became crisp as the bite of winter. The wind started to pick up speed, my family started to get worried, then all of a sudden, a brilliant white light appeared South South East of where I was standing in the yard.

Last good day, Sarah I love you with the entirety of my capability. {caugh, gag}. I love you. 9:11 qanon 11:11 Godmode 10:01 Fracture 11:10 Punctured 10:11 Evolution 4:44 Destiny 8:44 Fate 12:34 Arrival 12:21 Renewal 3:33 Wrongdoing 6:33 Right 9:33 Future 7:33 Chaos. Unto my followers I bequeathed a trove of knowledge in literature. My entitlement to Movie rights belongs to my children. My book rights to my mother. To the world I leave my footprints in the sand. I did wish for property rights to be retained however those were infringed and she was driving a silver sports utility. My selfless legacy of Dick Tripover action figures will be available in the late fall. I want the money that FB, Google, Twitter, Microsoft, CNN, MSNBC, and 4chan is due to me. Unto Jack, Michael, glowingnigg, Marty, Hanz, Hiro, Coke Joe, and the rest of the passersby, I salute you with the index and ring fingers drawn down. To the slow mods and the nomods I bequeathed my future Emmy and Shiny Metal Ass sidewalk star. Goddess Stella I hope they ship you to Mars on a slow boat freight container. Elon you are a loathsome individual. JackD you are evil. I only ever wanted to solve a major world problem. You both helped and hurt. Woe to the days of winter by frost. Woe to the, awe forget it, death won't ever come for me. WTAF.

I don't know what just happened but death shouted a cursed word at me as he stomps to the slammed door on his way to the sky. You look pretty good down there. Why are we always stuck-n-running from the bullets? We never learn we've been here before, the bullets. So get away, where the boat leads from, take away my old freedom. There's one part sand and one part shore and one part fuck I don't care anymore. You won't need it where I am going. Nobody cared to bother the news veins, did they?

Ya no, that psyop campaign that you gave me the insight to at 3:33 in the morning, was nothing short of a echo of what you aren't seeing. You tried a dose of your venom but what good is it when the antidote is known. Me dying isn't any great loss but making God angry is.

Hi Vlad, nice win. Congrats.

<http://archive.4plebs.org/x/thread/20484342> God showed me what their plan is to be and how it will unfold. 3:33 AM I was awakened after having a vivid lucid dream. I was here at the address listed in this form and I was with my family enjoying a beautiful day. All of a sudden a coldness like never felt before came over me as the air became crisp as the bite of winter. The wind started to pick up speed, my family started to get worried, then all of a sudden, a brilliant white light appeared South South East of where I was standing in the yard. A thermo nuclear weapon was detonated and the pillar of bright white light rose into the sky turning everything around me white with light. The shock wave took a few minutes to reach us but as it did, the force of a 200 mph hurricane strength wind came over us. I took my family under ground into our basement and we huddled close together. I was shown the chaos of the people roaming around the streets as they no power and there was nothing being done in terms of rescue support. People wielding knives and holding guns up to rob or pillage anything they could find that held value were everywhere I looked. I was confronted by one of the knife wielding attackers however, I was able to disarm him and subdue him into submission. After being subdued, the person that I defended myself against looked at me with sorrowful eyes and said, "I was only trying to feed my child." Then, many children descended onto my home, all looking left behind, looking hungry and needing aid. I comforted and fed them and sat them all down to tell them a happy story but the only story I had to tell them was the bible which they had never heard before. They got bored and all walked away looking for other things to entertain them with such as video games and puzzles. I handed each one of them a rough uncut gemstone from my collection and told them that these

were special that if they held them close and always protected them, that they would be safe.
