

# Google's Grip

ITISNUNEO • June 12, 2019

If you think you are here for anything other than for the entertainment of the Overlords. Think about this as Google has invaded your private and personal life for decades.

Your account, your data.

Export a copy of content in your Google Account if you want to back it up or use it with a service outside of Google.

Create a new archive

Select data to include

Choose the Google products to include in your archive and configure the settings for each product. This archive will only be accessible to you. [Learn more](#)
