First Steps

The visions dancing on my screen I've seen shit that made me scream Twilight crawling through my windowpane Am I awake or do I dream? The strangest pictures I have seen Night is day and 4chan's gone away Your rude banter and being gay Dragged me from the Anime And all that I can see Are those fucking furfags on /b/... 4chan, I only meant to stay awhile But she packed my suitcase and sent me on my way She gave me a kissin and she gave me my ticket I put my walkman on and said I might aswell kick it First class, yo this is bad, Drinking orange juice out of a champagne glass Is this what the people of bel-air livin like, Hmm this might be alright! I whistled for a cab and when it came near the Licensplate said fresh and had a dice in the mirror If anything I could say that this cab was rare But I thought now forget it, yo home to bel-air

Baby Sarahai

I'm gonna trust you, because I want to
In the worst case, if it all falls to bits

Maybe I'll stumble

On something special

That I wouldn't have

If I hadn't taken the chance

Always looking for the wave

Always looking for the wave

Always looking for the wave

Once you stop, stop looking it'll hit you in the face

(Always looking for the-)

When I go all night, and it's stressful

I keep searching, it's not helpful

Is it pointless?

Is it worth it?

You need silence

To find magic in spaces

Always looking for the wave

Always looking for the wave

Always looking for the wave

Once you stop, stop looking it'll hit you in the face

(Always looking for the-)

(Always looking for the-)
