We tried to be friends with you Rock and you attacked us. You broke the treaty. And you approached Syz with profanity. This is your undoing.

The person that is aiming at me with this type of harassment is a known criminal element named Da'edra or Deadrus or Sky King. Please see to it that this person gets help. I don't want to be bullied and harassed anymore. I don't want this person to do Directed Energy Weapons anymore to hurt the people that I love.
